

# *Rhode Island* *State Assessment Program:* **General State Policies Overview**

Test Coordinator Webinar  
January 2022

# Agenda

- Housekeeping
- Overview of the RI State Assessment Program
- Roles and Responsibilities
- Test Security
- Student Participation in RI State Assessments
- Accommodations and Accessibility Features
- Assessment Schedules
- Closing
- Questions

# Housekeeping

- Webinar recording and slide deck will be posted to [www.ride.ri.gov/assessment-training](http://www.ride.ri.gov/assessment-training) soon after the training.
- Questions will be answered after each section
  - Questions should be shared through the “Questions” feature.
  - We will pause after each section to review and answer them.
- PDFs of materials are available in the “Handouts” section and will be posted at [www.ride.ri.gov/assessment-training](http://www.ride.ri.gov/assessment-training)
  - Test Coordinator Handbook
  - RISAP Test Coordinator Training
  - DLM Required Training

# Overview of the RI State Assessment Program

This table shows the test, the content area(s), and grade levels tested of all state assessments.

		Alternate Assessments							
	ACCESS 2.0 for ELs <i>English language proficiency</i>	Alternate ACCESS for ELs <i>English language proficiency</i>	DLM <i>ELA and math</i>	DLM <i>science</i>	NAEP	NGSA <i>Science</i>	RICAS <i>ELA and math</i>	PSAT™10 <i>reading and math</i>	SAT® School Day <i>reading and math</i>
Kindergarten	K

12	12	12			12				

# Coronavirus and the RI State Assessment Program

We do not anticipate COVID-related disruptions to the administration of the 2022 state assessments.

However, if administration dates or policies shift,

- RIDE will notify district and school test coordinators of any changes or updates.
- RIDE will post any updates to the state assessment policies or procedures at [www.ride.ri.gov/tc](http://www.ride.ri.gov/tc).
- test coordinators will inform test administrators of any changes or updates to test administration.

Additionally, all state assessments must be administered in-person in the school building. There are no remote testing options.

# Roles and Responsibilities

# Districts and Schools: Roles and Responsibilities

*RISAP Test Coordinator Handbook (page 9)*

Role	Description
District Test Coordinator <i>(superintendent, assistant superintendent, curriculum director, director of teaching and learning, or designee)</i>	<ul style="list-style-type: none"><li>• Coordinates, manages, and plans district-wide implementation of state assessments.</li><li>• Completes required RIDE training and training modules.</li><li>• Contact person to reach out to RIDE about testing irregularities.</li><li>• Responsible for receiving and distributing individual student reports.</li></ul>
School Test Coordinator <i>(principal or designee – assistant principal, department chair, guidance counselor)</i>	<ul style="list-style-type: none"><li>• Coordinates, manages, and plans school-level implementation of state assessments.</li><li>• Receives materials shipments, securely stores secure materials, tracks and manages test materials during testing, and affirms proper test administration.</li><li>• Completes required RIDE training and training modules.</li><li>• <i>Trains test administrators, proctors, and other personnel involved in testing on test security and proper state assessment administration.</i></li></ul>
Technology Coordinator <i>(district and/or school technology directory, IT director, or designee with technical expertise)</i>	<ul style="list-style-type: none"><li>• Coordinates and manages technology set-up, use, and close-out for each assessment</li><li>• Provides (or designates qualified individuals at each school to provide) immediate technical assistance during testing for technology-related situations that arise</li><li>• Must be trained in test security protocols and policies</li></ul>

- *All personnel involved with testing must be employees of the district or school and be trained in test security.*
- *Test Coordinators please ensure your contact information is up-to-date in the RIDE School Directory.*

# District/School Test Coordinator Training Requirements

<i>March 14</i>	SAT School Day and PSAT 10	Webinar	SAT and PSAT 10 Test Coordinator Training	Registration TBA
<i>March 16 or 17</i>	SAT School Day and PSAT 10	<i>In-person</i>	<a href="#">SAT and PSAT 10 Test Coordinator Training</a>	

**NOTE: All test coordinators must complete the RISAP Overview Training (this presentation) as well as the assessment-specific trainings for each assessment that will be administered in their district/school.**

# Test Administrator Qualifications

*RISAP Test Coordinator Handbook (page 10)*

- Individuals employed by the LEA as teachers
- LEA and school administrators
- Long-term substitutes
- School psychologists, school social workers, librarians, school guidance counselors, and speech pathologists
- Teachers employed by the district who hold provisional certificates

**NOTE:** Student teachers may not *administer* state assessments but can serve as hall monitors and assist the test administrator with materials.

# Test Administrator Responsibilities

*RISAP Test Coordinator Handbook (page 10)*

- Attend all training sessions for the tests you will be administering.
- Read all test administration manuals and accommodations manuals prior to testing.
- Follow all test security procedures.
- Make sure you understand and sign the Test Security Agreements.
- Actively supervise the test at all times.
- Ensure that any accommodations decisions are made well before testing begins.
- Know how to administer any accommodations students will be using.
- Practice with students receiving accommodations, especially if using any assistive technology or other accommodation delivered online.

# Proctor Qualifications and Responsibilities

*RISAP Test Coordinator Handbook (pages 10-11)*

- Who can be a proctor?
  - Individuals employed by the school or LEA.
  - Student teachers may serve as proctors, but they cannot administer the test or be alone with the students; the test administrator must be present at all times.
  - Classes larger than 25 students may benefit from having a proctor in addition to the Test Administrator.
- Proctor responsibilities:
  - ensuring test security protocols are followed
  - answering basic questions about the testing platform or directions
  - helping the test administrator monitor the students

**NOTE:** College Board calls proctors “monitors”.

# Test Administrator Training Requirements

Required Training for State Assessments (Training Calendar, pages 13-15) at [www.ride.ri.gov/assessment-training](http://www.ride.ri.gov/assessment-training)

State Assessment	Mode	Dates Available	Link	Notes
ACCESS for ELLs and Alternate ACCESS	Online Modules	<b>Now</b>	<a href="#">WIDA Secure Portal</a>

SAT and PSAT 10	Online Modules	Week of March 1	TBA	
	Proctor & Hall Monitor Training	<b>Now</b>	<a href="http://www.ride.ri.gov/assessment-training">www.ride.ri.gov/assessment-training</a>	
RICAS	Online Modules	<b>Now</b>	<a href="#">RICAS Resource Center</a>	Supplement to Test Administrator Core training
NGSA	Online Module	<b>Now</b>	<a href="#">RI NGSA Portal</a>	This training covers TDS usage only, need main training

**NOTE: All test coordinators must train their test administrators in RI State Assessment policies for test security and test administration – RIDE strongly recommends using (customizing) the Test Administrator Core Presentation.**

# Test Security

*RISAP Test Coordinator Handbook (pages 13-15)*

# General Security Requirements

- *All* educators involved with preparing for or administering any part of the state assessments *must*:
  - be trained in test security requirements and document their participation, and
  - sign the required affirmation of test security documents for each assessment.
  - receive and read the Test Administrator Manual(s) for that assessment and follow the security and test administration protocols therein.
  - ensure all secure materials are tracked and monitored when not stored in the locked storage area designated by the School Test Coordinator.
  - report all testing irregularities to their School Test Coordinator and follow protocol to ensure test security is not compromised.
- *Only* authorized personnel may enter testing rooms while students are testing.
  - Researchers, parents, reporters, students not scheduled to be testing, and school personnel not assigned to the room as test administrators or proctors are *not allowed* to enter the testing rooms.
  - School administrators, district personnel, and RIDE observers may enter testing rooms to monitor and observe testing procedures.
  - Technology staff may enter testing rooms to troubleshoot problems, but like all other personnel, are not permitted to photograph or otherwise view secure test content.

# Keep Test Materials Secure

- *Receipt:* Be aware of the schedule for receiving secure test materials for the various assessments so that the materials are signed for and kept track of once delivered.
- *Storage:* Keep test materials in locked central storage when tests are not being administered.
- *Access and Materials Transportation:* Restrict access to the locked storage area only to those school personnel authorized to access secure materials.
- *Tracking Forms:* Monitor and account for all secure test materials at all times, particularly before and after each test session through the use of tracking forms.
- *Student Devices:* If a student needs to finish their test in a different room (test completion room, for example), ensure that no test items are visible on the screen of the device while it's being moved (e.g., log out or otherwise follow directions in the assessment's test administrator manual).
- *Post-Testing Actions:* Securely destroy (e.g., shred) student testing tickets, proctor testing tickets, and used scratch paper/reference sheets (i.e., written on by students) once all testing has been completed.
- *Return Shipment:* For secure test materials to be returned to the vendor (e.g., paper test booklets), pack and ship the materials as directed in the assessment's test coordinator manual.

# Materials *Prohibited* for Student Use during Testing

***Each assessment's TAM lists and defines the materials required, permitted, or prohibited during testing.***

- Before and during testing, all materials relating to the subject area being tested must be covered or removed from the testing space. See test-specific TAMs for details.
- Note that the following materials are always prohibited for use by students during testing:
  - Cell phones
  - Electronic devices (other than the device used for computer-based testing or an accommodation) that access the Internet
  - Devices that can take photographs
  - Dictionaries\* or thesauruses that contain pictures and/or definitions
  - Any reference sheets or graphic organizers, other than those that are approved (listed in the TAM or on the accommodations web page) for use as accommodations.
- Use of prohibited materials during testing is considered a testing irregularity, and may result in invalidation of scores.

\*Word-to-word dictionaries for EIs are allowable as an accommodation except on ACCESS tests.

# Examples of Test Irregularities

***A test irregularity is any action that results in non-standard test administration.***

***Test irregularities may result in invalidating scores.***

- allowing someone to administer the test who has not completed all test administration training;
- coaching, erasing, altering, or interfering with students' test responses in any way;
- giving students access to test questions or prompts prior to testing;
- questioning students about test content after the test;
- copying, reproducing, or using any test materials in a way that is inconsistent with test administration or security policies;
- making notes or otherwise retaining information about any test content that students see; this includes test items, reading passages, and science scenarios;
- failing to follow security procedures for receiving and returning test materials as directed, or failing to account for all secure test materials before, during, and after testing;
- failing to follow test administration directions or failing to read provided script, including not allowing students sufficient time;
- failing to provide a documented accommodation or providing an accommodation not documented in the student's IEP; and
- failing to prohibit cell phone use during testing.

# Process for Reporting Test Irregularities

*Test Coordinator Handbook, page 15*

Follow these steps to report a test irregularity:

1. All test irregularities must be reported by the Test Administrator to the School Test Coordinator.
2. The School Test Coordinator must collect any information and/or documentation and inform the LEA or District Test Coordinator.
3. The LEA or District Test Coordinator must contact RIDE to discuss the incident and provide any documentation, as necessary.
4. The Office of Instruction, Assessment, and Curriculum will inform the LEA/district if it is required to submit a formal investigation report of the irregularity to RIDE by using the form in Appendix B of the *RISAP TC Handbook*.

\* For **PSAT 10 and SAT**, the procedures in the Test Coordinator Manuals for reporting irregularities must also be followed.

Download a Word version of the form at [www.ride.ri.gov/TC](http://www.ride.ri.gov/TC)

**2021-22 Statewide Assessment Test Irregularity Form**  
Instructions: Use this form for all statewide assessments, including PSAT 10 and RI SAT School Day. Districts and schools must also follow College Board procedures for reporting test irregularities. An editable (.DOCX) version of this form may be downloaded at [www.ride.ri.gov/tc](http://www.ride.ri.gov/tc).

1. School Test Coordinator must call their LEA Test Coordinator to report a test irregularity.
2. The LEA Test Coordinator then contacts Phyllis Lynch, Director of Curriculum, Assessment, and Instruction at 401-222-4693 to discuss the situation immediately upon receiving call.
3. LEA Test Coordinator will instruct the school test coordinator to complete this form, as necessary. This form must be completed within five school days. The LEA Test Coordinator then faxes the form to RIDE at 401-222-3605. The completed form must never be sent via email as it contains personally identifiable student information which must be kept confidential.
4. Maintain a copy (electronic or physical) of the submitted form for your LEA/district and school files for three years.

# Monitoring State Assessments

*RISAP Test Coordinator Handbook (Appendix D, page 44))*

## Areas of Monitoring

	Test Administrator Training	Assessment Completion	In-Person Observations	Accommodations Assignment
LEAs	Yes	Yes	Yes	Yes
Schools	Yes	Yes	Yes	Yes
RIDE	Yes	Yes	Yes	Yes

Each state assessment has reports that can be run at the school, LEA, and state level that will be used to monitor Test Administrator training, test completion, and accommodation assignments. We expect that LEA and school administrators will conduct a reasonable number of in-person observations of all state assessments (*see the Walkthrough Checklist in Appendix D of the RISAP Test Coordinator Handbook*).

# Monitoring Visits

*RISAP Test Coordinator Handbook (Appendix D, page 44)*

***Federal law requires RIDE to conduct monitoring of all state assessments.***

- RIDE schedules state assessment visits to schools to ensure procedures are followed and to obtain feedback for improvement of test protocols, procedures, and policies.
- Schools are selected for visits based upon various criteria, for administration of a general education assessment and (if administered at the school) a DLM assessment.
- Observers may enter your classroom to view the assessment taking place.
  - Test administrators should continue to administer the state assessment according to protocol.
  - Observers will minimize disruptions to students by entering and exiting classrooms as quietly as possible.
  - During the visit, observers may speak to you quietly, or they may simply enter, observe, then exit your classroom.

# Student Participation in State Assessments

# General RISAP Student Participation Policy

*RISAP Test Coordinator Handbook (page 16)*

All public school students are expected to participate in the state assessments in one of three ways:

1. Without accommodations
2. With accommodations
3. Alternate assessments (DLM and Alternate ACCESS for ELs)

# Public School Students

*RISAP Test Coordinator Handbook (page 16)*

- Students attending a public, charter, or state-operated school in Rhode Island are expected to participate in the state assessments for their current grade level.
- This includes students:
  - enrolled in public schools.
  - who are English Learners (including First-Year EL students).
  - who take the alternate assessments.
  - who attend outplacement schools like Bradley or Pathways.
  - who are incarcerated or in DCYF custody.
- Homeschooled students may participate in state assessments, free of charge, if participation is included in the student's homeschool plan (*RISAP Test Coordinator Handbook, page 17*).

# Current Grade Level

*RISAP Test Coordinator Handbook (page 16)*

- Current Grade Level is the grade level indicated in the Enrollment Census for the current school year.
  - Student data, including grade level and IEP status, come from the LEA and if incorrect must be fixed by the LEA: RIDE cannot change any student information.
  - RIDE will register the student for all required tests at this grade level.
  - Testing the student at any other grade level may result in test scores being invalidated.
- Additionally,
  - If a student skips a grade level, the student does not make up tests for the skipped grade.
  - If a student is retained, the student takes the tests for their current grade level, even if the student took the test(s) the previous year.

# Students Attending Outplacement Schools

*RISAP Test Coordinator Handbook (page 16)*

- **General Participation Rule applies:** Students are expected to participate in the tests for their current grade level.
- It is the responsibility of the district to ensure that the school understands which tests must be administered to the student and that the student's Enrollment Record in eRIDE is accurate.
- Out-of-State Schools:
  - ONLY the tests given as part of the Rhode Island State Assessment Program can be administered to RI students attending out-of-state schools.
  - Review the information at [www.ride.ri.gov/TC](http://www.ride.ri.gov/TC) under "Outplacement Schools" when preparing to administer state assessments.
  - Tests must be administered within the published testing windows (see [www.ride.ri.gov/assessment-schedules](http://www.ride.ri.gov/assessment-schedules)).

# Alternate Assessment

*RISAP Test Coordinator Handbook (page 16)*

- **General Participation Rule applies:** Students are expected to participate in the tests for their current grade level
  - Dynamic Learning Maps in ELA, math, and (if grades 5, 8, 11) science
  - Alternate ACCESS for ELs if an English learner (grades 1-12)
- **NOTES:**
  - No alternate assessment at the 10th grade, except Alternate ACCESS for ELs.
  - If a student is found eligible for the alternate assessment and the student is an EL student, they also take the Alternate ACCESS for ELs.
  - The IEP Team Eligibility Guidance document is posted at [www.ride.ri.gov/dlm](http://www.ride.ri.gov/dlm).
  - Please make every effort to conclude eligibility meetings on or before the end of March. This gives enough time to register students for DLM and for teachers to get the necessary preparation work done before testing begins in April.

# English Learners

*RISAP Test Coordinator Handbook (pages 16-17)*

- **General Participation Rule applies:** Students are expected to participate in the tests for their current grade level

	ELA Test (PSAT10, SAT, RICAS, or DLM)	Math Test (PSAT10, SAT, RICAS, or DLM)	Science Test (NGSA or DLM Science)
First-Year EL Students (on or after April 1, 2021) <sup>+</sup>	<i>Not Required</i>	Required	Required
All Other EL Students	Required	Required	Required

- **NOTE:**
  - (+) If a student enrolled in a U.S. public school after April 1, 2021, attending school for less than one year, they are not required to take the ELA portions of the PSAT 10, SAT, RICAS, or DLM.
  - If a First Year EL student would like to take the ELA test, the LEA and school will receive the score in the assessment files and parents will receive a score report. The ELA score will not be used for accountability purposes.

# Homeschooled Students

*RISAP Test Coordinator Handbook (page 18)*

Homeschooled students may participate in any of the state assessments for their current grade level if that is included in the student's homeschool plan.

- Families must contact the district office to arrange participation.
- District must then ensure the student has a SASID, is enrolled in the LEA at the correct grade level, and coded "H" in the eRIDE Enrollment Census.
  - RIDE will then register the student for the test.
  - *Note:* if the student is not coded "H", the student may count toward school accountability measures
- Students must test at the appropriate local school.

# Participation in RI PSAT 10 and SAT School Day

*RISAP Test Coordinator Handbook (pages 18)*

- General Participation Rule applies: Students are expected to participate in the tests for their current grade level (grade 10 or 11).
- Please note:
  - SAT *no longer* includes the essay.
  - Scores from *any other date(s)* than those published by RIDE are *not considered valid* for state assessment purposes.
  - Students who qualify for the alternate assessments *do not* take the PSAT10. There are no academic alternate assessments at the 10th grade.
  - First-Year EL students may want to take the entire PSAT10 or SAT.
    - Please make sure you talk with your EL students before you request a math-only test.
    - Scores from ELA tests will not be used for accountability purposes, but the district and school will get scores and families will receive score reports.

# Registering Students for the State Assessments

*RISAP Test Coordinator Handbook (pages 20-23)*

- RIDE registers all students for their grade level according to the information provided by the LEA through the eRIDE Enrollment Census, Special Education Census, and LEP Census.
  - Any errors found in the test registration systems, such as incorrect spelling, birthdate, grade level, etc., *must* be fixed by the school/LEA in the LEA's SIS. RIDE cannot update this information.
  - Students must be accurately coded for IEP or 504 plan (or LEP status) in order to be assigned certain accommodations in the test management systems (e.g., PAN, TIDE).
  - Students who change grade levels during the school year are expected to participate in the tests for their current grade level *after the date of the grade change*.
- RIDE develops a timeline for registering students for each assessment. There are no cut-off dates for registering for any state assessment.

# Exemptions from State Assessments

*RISAP Test Coordinator Handbook (page 18; Appendix E) & [www.ride.ri.gov/assessment-exemptions](http://www.ride.ri.gov/assessment-exemptions)*

- There are only two ways in which a student may be officially exempt from the state assessments:
  1. They are a First-Year EL student so they are not required to take the ELA, reading, or writing sections of the academic tests for one year.
  2. The student meets the criteria for a medical exemption.
- For medical exemptions, the student must meet *both* of the following criteria:
  1. The student's situation is so severe the student cannot receive instruction in any setting (such as at home, school, or outplacement facility) and
  2. The student cannot participate in any assessments, even with adjustments or accommodations.
- Process for Medical Exemptions:
  - Superintendent's office is responsible for submitting the medical exemption (*see RISAP TC Handbook Appendix E*).
    - Enter medical exemption using the eRIDE Medical Exemption application
    - Form 1: District Form – fax to RIDE
    - Form 2: Parent Form – Keep at district office
    - Form 3: Physician Form – Keep at district office
  - Outplacement Schools: Requests must be submitted through the sending district office. Outplacement schools do not have access to the Medical Exemption portal in eRIDE.

# Parent Refusals

*RISAP Test Coordinator Handbook (page 18)*

- **State assessments provide useful information to districts and schools.**
  - We encourage everyone to convey to families the importance of the information you and your teachers receive from the state assessments, the steps you've taken to ensure their children remain safe and healthy, and to encourage and welcome students to school and to participate in the state assessments.
- **RI does not have a state system for collecting or tracking parent refusals.**
  - The *RISAP Test Coordinator Handbook* (page 18) states:  
“Students who do not test due to parent refusal will be considered non-participants for accountability purposes. LEAs may have policies regarding handling parent refusals; however, RIDE expects all students in tested grades to participate in the state assessments for their current grade level...”

# Accommodations and Accessibility Features (AAF)

[www.ride.ri.gov/Accommodations](http://www.ride.ri.gov/Accommodations) for the AAF Manual, Assessment-Specific Materials, and Webinar Presentations and Recordings

# What are accommodations for state testing?

- Test supports for state assessments are split into two groups:
  1. **Accessibility features** that any student, regardless of the student's disability or EL/MLL status may have during testing, like magnification, answer masking, and color contrast.
  2. **Accommodations** for students with disabilities and EL/MLL students. Accommodations are supports that a student may use that mitigates the effects of a disability or English proficiency level and allow the student to participate in testing, instruction, or any other activity.
- Student should be using the accommodation(s) in the classroom throughout the year to support access to instruction and assessments.
- Accommodations ***do not*** change:
  - the content being tested;
  - the expectations for learning or achievement.

# How to Select an Accommodation

Before the IEP team can select an accommodation, they must first identify the barrier (area of need) affecting the student's academic performance.

Each accommodation should be directly related to the area of need and be clearly connected to the evidence and data that show the selected accommodation(s) are needed in order for the student to access the test.

The IEP Team must use evidence such as diagnostic assessments, past and current IEPs/504 Plans, instructional accommodations.

# State Policy for Accommodations

- Only the following students may receive accommodations:
  - Students with a 504 Plan or IEP (including EL students)
  - EL students currently receiving services
  - EL students who are being monitored
- Accommodations must be included in the 504 or IEP
  - Testing may not begin if the accommodation is not included in the IEP or 504 Plan.
    - Convene an IEP Team meeting
    - Follow district IEP amendment process
  - Accommodations for EL students should be formally documented.
    - Can use the form in the AAF manual, but it is not required.

See the *Accommodations and Accessibility Features Manual* at [www.ride.ri.gov/Accommodations](http://www.ride.ri.gov/Accommodations) for details about specific accommodations, accommodation types (embedded vs non-embedded), and guidelines for administration (e.g., human reader, scribe).

# Accessibility Features for All Students

- Available to all students, regardless of their IEP, 504 Plan, or EL status.
- Include in the IEP, 504, or EL plan.
- Various types:
  - Test platform display (e.g., screen magnification, color contrast)
  - Tools embedded in the test platform (e.g., answer masking, highlighter)
  - Test setting or administration (e.g., extended time, breaks, small group administration)
- Assignment and use (review the AAF Manual for details):
  - Some assessment platforms require some accessibility features (e.g., color contrast) be indicated in the test platform before testing begins so the student receives the right test form.
  - Like accommodations, accessibility features have a version that can be used on a computer-based test and a version that can be used on a paper test.

# Accommodations Resources

[www.ride.ri.gov/accommodations](http://www.ride.ri.gov/accommodations)

## Assessment Accommodations

Test-specific accommodations manuals and materials.

AAF Manual: NEW version posted. Contains all forms and information about test supports.

# Assessment Schedules

# 2021-2022 State Assessment Calendar

[www.ride.ri.gov/Assessment-Schedules](http://www.ride.ri.gov/Assessment-Schedules)

- All schools are expected to administer assessments in school and in-person.
- All assessments are administered online except for students who have a paper test accommodation.
- All make-ups must take place before the state testing window closes.

Grades	Test	Test Window Opens	Test Window Closes
K-12	ACCESS	January 10	February 18
1-12	Alternate ACCESS	January 10	February 18
4, 8	NAEP Reading & Math	January 24	March 4
3-8, 11	DLM ELA and Math	April 4	May 27
5, 8, 11	DLM Science	April 4	May 27
3-8	RICAS ELA	March 28	April 29
3-8	RICAS Math	April 25	May 27
5, 8, 11	NGSA Science	April 25	May 27
		<i>Test Window</i>	<i>Make-up Window</i>
10	PSAT 10	April 13 - 15	April 26 - 28
11	SAT School Day	April 13 - 15	April 26 - 28
SAT School Day (Paper)*		April 13	April 26

\* The RI SAT School Day (Paper) test date is for homeschooled students and RI students enrolled in out-of-state schools. However, some students requiring a paper test as an accommodation may either be tested on April 13 or during the accommodated testing window, depending on the type of accommodation.

# General Scheduling and Administration Guidance

- Make sure to plan opportunities for your students to practice on the devices they will use to become familiar with test items and accommodations.
- Select rooms for testing locations and note any content in the room that must be removed/covered to not violate test environment requirements.
- Plan room set-up to ensure adequate student spacing to maintain test security.
- Plan ahead for accommodations, especially if additional materials or space (e.g., 1:1 administration, read-aloud) are needed.
- Start testing as early in the state testing window as possible to allow for potential quarantine-related make-ups or rescheduling.
- If possible, administer two sessions per day, particularly for older students and students familiar with statewide testing.
- Have a back-up plan and know who to contact if you have any technology issues that impact testing preparation or administration.
